## SITUATION SUMMARY

### Cal OES Activation Status

| State Operations Center | Inland Region EOC | Coastal Region EOC | Southern Region EOC |
|-------------------------|-------------------|--------------------|---------------------|
| Level 1                 | Normal Operations | Normal Operations  | Normal Operations   |

#### May 2022 CDPH MHCC Event Activation

The California Department of Public Health (CDPH) has activated the Medical and Health Coordination Center (MHCC) at Level 3 (low) in response to the 2022 May National Infant Formula Shortage Event and the 2022 May Monkeypox Virus Event.

- Hours of Operation: Monday to Friday from 0800 hours to 1700 hours

#### Cal OES INLAND REGION

- Nothing significant to report.

#### Cal OES COASTAL REGION

#### NBA Finals-Game 7 Warriors Celebration, City and County of San Francisco

The 2022 NBA Champion Golden State Warriors and the City of San Francisco will host a Championship Parade on Monday, 06/20/22, beginning at approximately 1120 hours and concluding at approximately 1400 hours.

- The parade will begin on Market Street at Main Street and will end at Market and 6th Street (1.04 miles in length)
- This will be a parade only and will not include a rally in Civic Center Plaza.
- There are no unmet needs from SF DEM.

#### Cal OES SOUTHERN REGION

# **COVID-19 SUMMARY**

## **Coronavirus Disease 2019 (COVID-19)**

On 03/02/20 at 0700 hours, the Cal OES State Operations Center (SOC) activated in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

## **SMARTER Plan**

On 02/17/22, Governor Newsom unveiled the "[California SMARTER Plan: The Next Phase of California's COVID-19 Response](#)". The plan emphasizes continued readiness, awareness and flexibility and helps ensure California can maintain its focus on communities that continue to be disproportionately impacted and stay prepared to swiftly and effectively respond to emerging COVID-19 variants and changing conditions.

## **CDPH Statewide Travel Advisory**

- For more information: [CDC Travel Guidelines](#)

## **Confirmed California COVID-19 Cases - Per California Department of Public Health Tracking COVID-19 as of 06/15/22 at 1630 hours:**

- 9,169,339 total confirmed cases.
  - 110,437 Delta
- 91,107 total deaths.
  - 215 Delta
- Please see the most recent "Situation Report - COVID-19" attachment for additional details.

# PUBLIC SAFETY POWER SHUTOFF (PSPS) SUMMARY

## PSPS Status

| PG&E              | SCE               | SDG&E             | Liberty Utilities |

## **FIRE ACTIVITY**

### **Cal OES Fire Preparedness Levels**

| <b>National</b>             | <b>Northern California</b>                           | <b>Southern California</b>                           |
|-----------------------------|--|--|
| <b>Preparedness Level 2</b> | <b>Preparedness Level 2</b>                          | <b>Preparedness Level 2</b>                          |
|                             | <b>Multi-Agency Coordination System MACS Mode: 2</b> | <b>Multi-Agency Coordination System MACS Mode: 2</b> |

**Note: The National and Regional Preparedness Levels are maintained by the National Multi-Agency Coordination (MAC) Group and are separate from Cal OES activation levels.**

#### **Pre-Position Resources**

- No Prepositioned Resources

#### **EMAC**

- The State of California has three (3) Cal OES employees deployed to the State of New Mexico to provide subject matter expertise in debris removal operations, Individual Assistance, and overall Recovery support functions. They are scheduled to return home on 06/24/22.

#### **Mission Tasking**

- **2020-FIRE-20323:** Joint Task Force Rattlesnake consisting of 330 CNG service members to backfill federal, state, and local first responders committed to COVID-19 emergency response operations.

# **FIRE ACTIVITY**

## **Cal OES INLAND REGION**

- Nothing significant to report.

## **Cal OES COASTAL REGION**

- Nothing significant to report.

## **Cal OES SOUTHERN REGION**

### **Sheep, Vegetation Fire, San Bernardino County (FINAL)**

Location: Hwy. 2 x Sheep Creek Rd., Community of Wrightwood

Jurisdiction: Federal DPA, FRA, Angeles National Forest

Per Cal OES Duty Officers and ICS-209 as of 06/17/22 at 0744 hours:

- 865 acres (+0), brush and timber, 95% contained (+5%)
- Minimal fire behavior with backing, creeping, and smoldering
- De-mob in process
- CALIMT 14 in command
- Transition to local Type 3 team today 06/17/22 at 0700 hours

## **Deployments**

- 1 Cal OES Fire and Rescue Branch Assistant Chief (AC)

## **Animal Shelters**

- Please contact County Animal Care and Control in advance at 800-472-5609 for all animal evacuation or sheltering assistance

## **Access and Functional Needs**

- Adult Protective Services (APS) can be reached 24 hours/7 Days week at their hotline number: 1-877-565-2020

## **Critical Infrastructure**

- AT&T cellular outage is wireless only and not impacting calls for emergency services. No estimated time of repair (ETR).
  - 1 FirstNet Cellular on Light Truck (COLT) deployed to the Ski Resort (Command Center)
  - 1 FirstNet COLT deployed to a San Bernardino County Fire Station near Wrightwood
  - 1 FirstNet COLT in the Community Service Center in the Town of Wrightwood (long term)
- Verizon mobile communications assets are on-scene supporting incident communications and the public.
- No ETR for full wireless services from Spectrum for fiber repair.

## **Tactical Communications**

- Multi-Gateway Interoperability Unit (MIGU 6) deployed.

## **Recovery**

- Red Cross Family Reunification Phone Number: 1-800-Red-Cross (1-800-733-2767)

**Cal OES**  
GOVERNOR'S OFFICE  
OF EMERGENCY SERVICES

# WEATHER OF CONCERN

## NORTHERN CALIFORNIA

- No significant weather of concern.

## SOUTHERN CALIFORNIA

- Elevated fire weather conditions mainly across the Southern California foothills, mountains and deserts for portions of Southern California counties specifically, Los Angeles, San Bernardino, Orange, Riverside, San Diego, and Imperial.
- Winds will be very breezy over Mono and Inyo Counties the rest of Friday, which may bring some elevated fire weather conditions.
- A few hours of locally critical conditions are possible during the afternoons and evenings when winds are breeziest, but Red Flag Warnings are not expected this weekend due to the short duration of any critical periods.

# Weather Key Points

Regional Operations Center

Western Region

Saturday, June 18

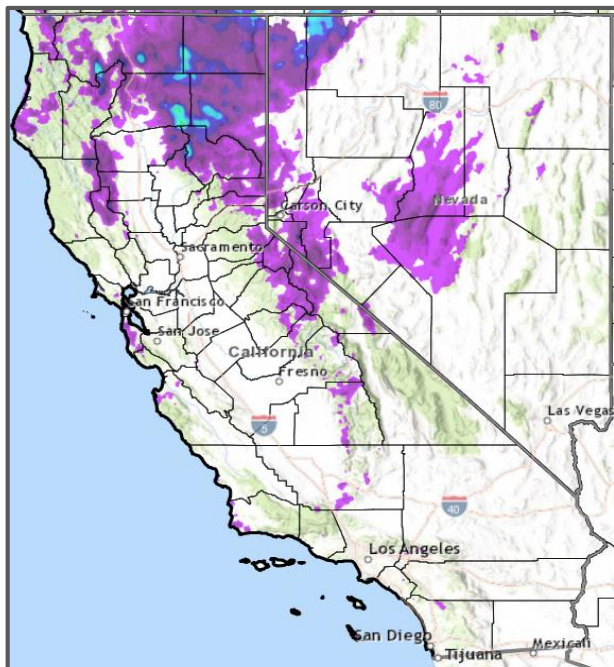

- Notably cooler temperatures are expected through the weekend, before conditions again warm through much of the coming week
  - Moderate to even locally high heat risk impacts are expected by midweek across the Central Valley, some coastal central California, and inland southern California as high temperatures approach or exceed 100 degrees once again, though readings will be a bit cooler closer to the coast
- Gusty winds will be seen again for many areas along and east of the Sierra and across portions of the Southern California deserts through the weekend, bringing locally elevated fire weather conditions
  - The strongest winds are expected on Saturday
  - Winds will also be breezy at times across much of the Sacramento and San Joaquin Valleys through Tuesday
- Scattered showers and thunderstorms will again be seen across far northern California on Saturday
  - Any rainfall will be mainly light, though localized heavier pockets of  $\frac{1}{4}$ " or more are possible near any storms
  - No widespread burn scar impacts are expected

# Precipitation Forecast

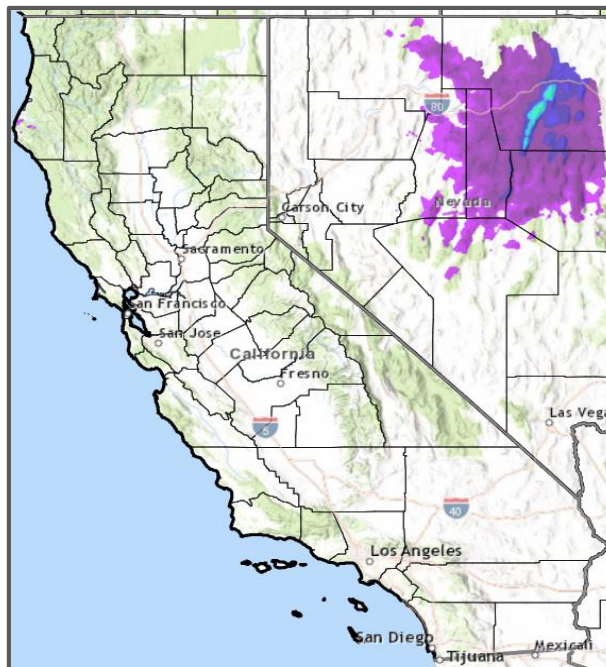

Regional Operations Center

Western Region

Saturday, June 18

**Saturday**

**Sunday**

**Monday**

**Note:** Forecast precipitation amounts are an average for any particular location. Thunderstorms may produce locally higher rainfall amounts.

**Precipitation (inches)**

# Heat Risk

Regional Operations Center

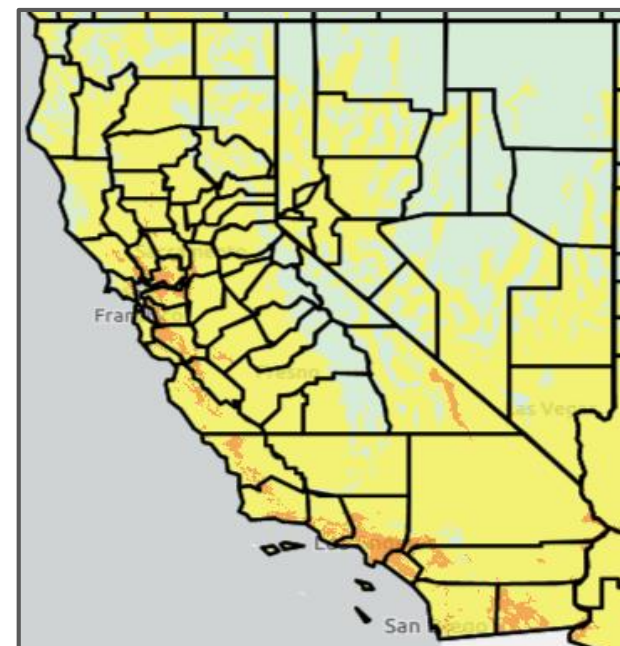

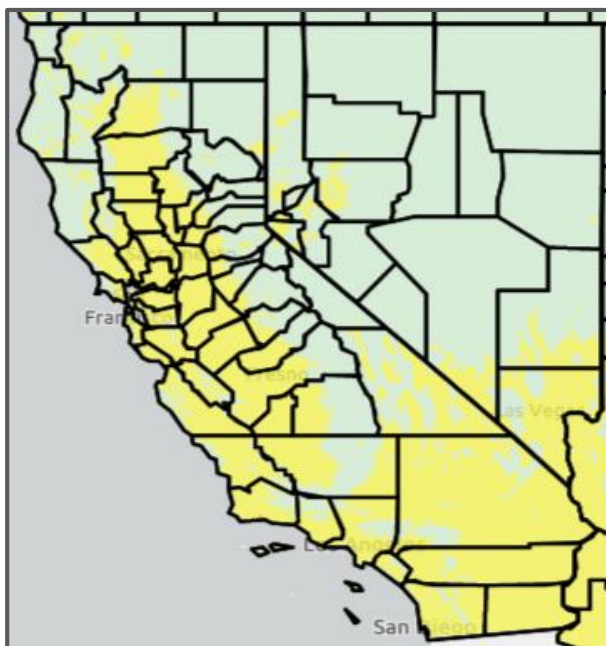

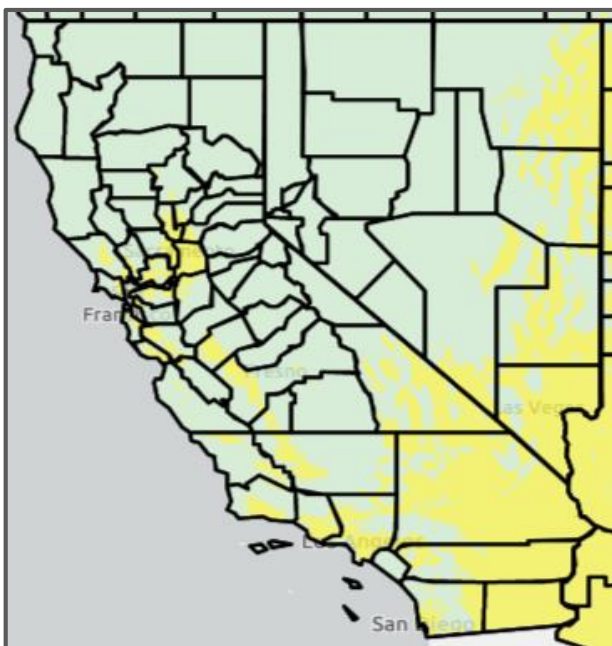

Western Region

Saturday, June 18

Saturday

Sunday

Monday

|        |         |   |
|--------|---------|---|
| Green  | Level 0 | No Elevated Risk  |
| Yellow | Level 1 | Low Risk for those extremely sensitive to heat, especially those without effective cooling and/or adequate hydration    |
| Orange | Level 2 | Moderate Risk for those who are sensitive to heat, especially those without effective cooling and/or adequate hydration |

|         |         |   |
|---------|---------|---|
| Red     | Level 3 | High Risk for much of the population, especially those who are heat sensitive and those without effective cooling and/or adequate hydration |
| Magenta | Level 4 | Very High Risk for the entire population due to long duration heat, with little to no relief overnight                                      |

# Weather Outlook (6-14 Days)

Regional Operations Center

Western Region

Saturday, June 18

## **6-10 Day Outlook (June 23 - June 27)**

### **Temperatures**

- Above normal temperatures are favored for much of the state, with below normal temperatures slightly favored across northwestern California

### **Precipitation**

- Below normal precipitation is favored for northern California, with near normal precipitation favored for central and southern California

## **8-14 Day Outlook (June 25 – July 1)**

### **Temperatures**

- Above normal temperatures are favored for southern California, near normal temperatures are favored for central California, and below normal temperatures favored for the northern third of the state

### **Precipitation**

- Below normal precipitation is favored for northern California, with near normal precipitation favored for central and southern California

# WEATHER MAP

# Cal OES LAW ENFORCEMENT MISSIONS

## Cal OES Law Enforcement Missions

- **2022-LAW-79175 and 2022-LAW-79182, 06/15/22:** Region IV AC created missions to assist California State Fair & Exposition Police with LEMA support (79175) and TCOMM support (79182) for upcoming California State Fair (July 15-30). **MISSION ONGOING.**
- **2022-LAW-79234 06/17/22 At 0928 hours,** IERCC contacted CSWC and advised of an inReach activation at coordinates 34.285476, -118.180125 which plots to Angeles Highway in Los Angeles County- south of Big Tujunga Dam. IERCC advised the RO had cut off his finger and needed medical assistance. LDO contacted IERCC who provided updated coordinates of 34.285487, -118.00600 and also provided a data-link for the device. LDO contacted Los Angeles County DOC who indicated they had received the information from the IERCC and a deputy sheriff from the Valley Station was on-scene and fire personnel were enroute to assist. UPDATE: About 1044 hours, LDO contacted Los Angeles County Sheriff's Office who verified on-scene law enforcement stabilized the victim, fire and EMS arrived and RO was transported to a local hospital. IERCC advised. **Mission Closed.**
- **2022-LAW-79245 06/17/22 At 0942 hours,** the Air Force Rescue Coordination Center (AFRCC) contacted the CSWC and advised of an Emergency Locator Transmitter (ELT) activation at coordinates 33.930000, -118.3850000. The ELT had been going off for three hours at a location at the Los Angeles International Airport (LAX). The Civil Air Patrol (CAP) was assigned the mission (mission number 22M0219). LDO contacted AFRCC who advised CAP was attempting to locate the ELT at LAX but there were no reports of any aircraft in distress at LAX and that ELT was going off near a commercial aviation hangar. AFRCC indicated it is likely the ELT is malfunctioning, however, AFRCC will notify CSWC of their findings. UPDATE: About 1730 hours, LDO contacted AFRCC for an update. AFRCC indicated the ELT was no longer active at LAX, there was no signs of an aircraft in distress, they were unable to locate the ELT, and they were closing the mission out as "Ceased/Undetermined". **Mission Closed.**
- **2022-LAW-79245 06/17/22 At 1054 hours,** the IERCC contacted the CSWC and advised of an inReach activation at coordinates 38.280315, -119.643817 which plots to the Pacific Crest National Scenic Trail near Leavitt Peak in Mono County. IERCC advised the RO was alone and stranded on a ridge line due to high winds. IERCC further advised the RO had cell reception and provided his cell phone number to IERCC. IERCC also provided LDO with incident data-link. About 1100 hours, LDO notified Mono County Sheriff's Office and passed along all of the pertinent information. UPDATE: About 1200 hours, LDO spoke with Mono County Sheriff's Office SAR Coordinator who said they are in contact with the RO. The SAR Coordinator advised the RO is uninjured but feels uncomfortable traversing the ridge line due to the high winds and narrow trail. SAR Coordinator advised Mono County SAR has been activated and will be responding to assist the hiker. UPDATE: About 1620 hours, SAR Coordinator contacted LDO to advise Mono County SAR ground teams were still making their way to the RO. The RO is still in communication with the SAR coordinator and is awaiting their arrival. LDO contacted IERCC provide update on status of mission. UPDATE: About 1700 hours, Mono County SAR Coordinator contacted LDO to advise Mono County SAR had located the RO and he is in good condition. Mono County SAR advised they were making plans to assist RO off the trail. UPDATE: About 1722 hours, LDO contacted IERCC to provide an update on status of the mission. UPDATE: About 1940 hours, Mono County SAR Coordinator contacted LDO to verify the RO has been safely removed from trail and mission completed. **Mission Closed.**

# Cal OES LAW ENFORCEMENT MISSIONS

## Cal OES Law Enforcement Missions

- **2022-LAW-79273 06/17/22 At 1726 hours**, IERCC contacted CSWC and advised of an inReach activation at coordinates 37.782841, - 119.534640 which plots to Snow Creek Trail, west of Mount Watkins, in Yosemite National Park. IERCC advised the RO had noticed smoke in the area and activated the inReach device seeking advice on how to handle the situation. IERCC contacted Yosemite National Park Service Police to advise them of the inReach activation. Yosemite National Park Service Police advised IERCC they are aware of the situation and had instructed the RO that Snow Creek Trail is closed and to turn around and hike back up/ascend the trail to a safer area. UPDATE: At 1733 hours, LDO contacted IERCC for an update on the incident. IERCC provided LDO a data-link for the device. IERCC further advised Yosemite National Park Service Police and IERCC continue to be in contact with the RO and are monitoring the situation. IERCC indicated they will continue to communicate with the Yosemite National Park Service Police and the RO to ensure she safely exits the closed trail. UPDATE: About 1836 hours, LDO contacted Yosemite National Park Service Police who advised the RO had safely ascended the trail, was in a safe area, and they were closing out the incident. LDO contacted IERCC to relay the information the RO was safe. **Mission Closed.**

# Cal OES MISSION TASKINGS

## Cal OES Missions

- **2022-CalOES-78230 (New Mexico EMAC):** 1 iSat phone for EMAC deployment to New Mexico.
- **2021-TACCOM-061621 (OCFA Testing):** Sonim Kit HQ3 assigned to OCFA, to test Android phones with ATAK for fire season. ETA Return is 06/21/22. COMC monitoring. Contacted Assignee will advise on exact date of return for the resource.
